### **DETERMINATION OF NONSIGNIFICANCE (DNS) AND ADOPTION OF EXISTING ENVIRONMENTAL DOCUMENT (ENVIRONMENTAL ASSESSMENT)**

**Name of Proposal:** 1995 LAND EXCHANGE INVOLVING WDFW WENAS WILDLIFE AREA

**Description of Proposal:**

The Washington Department of Fish and Wildlife (WDFW) proposes to mitigate for the loss of 77.46 acres of public outdoor recreation land that is protected through the Land and Water Conservation Fund Act (LWCF), administered by the National Park Service (NPS) in partnership with the Washington State Recreation and Conservation Office (RCO). This action is required because, in 1995, WDFW exchanged 77.46 acres of LWCF-funded land located in Yakima County with private landowners for other property. The NPS and RCO have determined that private ownership of these 77.46 acres is in violation of the LWCF Act's requirements that fund-assisted property be maintained by a government entity for public recreation in perpetuity.

WDFW proposes to remove federal protection from 77.46 privately-owned acres formerly in the Wenas Wildlife Area and allow WDFW to place that protection on the proposed replacement property of 221.32 acres in the Quilomene Unit of WDFW's L.T. Murray Wildlife Area along Skookumchuck Creek in Kittitas County. These 221.32 acres offer more acreage for equal property value and superior recreational opportunities.
